

Video Disk Recorder

CONTROLLER SOFTWARE

Provides complete control of all the advanced capabilities of V1 decks. Included at no charge with every V1 purchase.

VTools Pro (For Windows & Mac)

- ◆ Provides playlist control and V1 configuration
- ◆ Performs the same operation as the V1 front panel
- ◆ Instant access to video and zero preroll
- ◆ Set cue points during live record or playback
- ◆ Create video clips using IN and OUT cue points
- ◆ Combine a series of video clips to create a play list
- ◆ Copy clips and playlists to store on the V1
- ◆ Control the V1 via Serial or Ethernet ports

VTQ List (For Windows Only)

- ◆ Extensive video clip and play list capabilities
- ◆ Instant access to video and zero preroll
- ◆ Loop, repeat clips, jump in cue and more
- ◆ View active clip window and clip time countdown
- ◆ Intuitive design with hot key shortcuts
- ◆ Control the V1 via Serial port
